All Heads of SSAs

Sub: Opening of WLL instrument repair centre at every SSA
.....

On 8th November, 2011, AMC for repairing of WLL instruments is going to be closed. It was decided by CGM and PGM that every SSA should be able to repair the instruments simple faults by themselves in their SSA itself. Hence it is requested that all SSA heads to open one repair centre at suitable place of your SSA. Supplier may be asked to educate the techniques of repairing of the instruments to TTA or staff who is involved in repairing of WLL instruments.
