Dated 09-05-2023

To,
The Chief General Manager,
All Telecom Circles/Districts
BSNL.

Subject: Closure of exchanges having less than 50 DELs in Urban area.

In line with the ongoing drive for conversion of Copper based Landline connections to FTTH, it is felt that efforts should also be made to convert Urban connections of Copper to FTTH. It has been decided therefore to make all efforts to convert the LL (copper) connections of Urban telephone exchanges where working DELs < 50 into FTTH connection so that exchanges may be closed.

As per the latest data received from ITPC circle, it is observed that a large number of exchanges with less than 50 DELs are working in Urban area (Annexure-I).

In this context, it is requested to bestow your personal attention and direct field units to make full efforts to convert the existing connections to FTTH connections to retain the subscriber as BSNL subscriber such that exchanges with less than 50 connections in urban area may be closed.

Further, it is requested to send the monthly report in enclosed format by 10th of every month on mail id sptomar1969@gmail.com & ppgarg@bsnl.co.in.

This is issued with the approval of competent authority.
