Subject: Timelines to achieve the KPI targets of 100 Aspirational Blocks for FTTH connectivity in rural areas through Bharatnet.

With respect to the subject mentioned above, kindly find enclosed herewith a list of **100 prioritised Aspirational Blocks**(with details on coverage & Bharatnet Udyami etc as on 10.11.23) identified for FTTH connectivity in rural areas through Bharatnet network as a part of recently launched Sankalp Saptah of Aspirational Blocks by Hon'ble Prime Minister of India. DoT and NITI Ayog have fixed the following KPI targets for enhancing broadband services of these Blocks.

2. The KPIs identified for improving the rural broadband connectivity in selected Aspirational Blocks are **(I) Making GPs service ready (II) Full coverage/ minimum one connection in all GPs**. The following are the timelines to achieve the KPI targets:

(i) **GPs Service Ready:** In total of around 4,300 GPs of 100 prioritised Aspirational Blocks, 99 % GPs are currently Service Ready and the **rest 1% of GPs are to be made service ready by 31.03.24.**

(ii) **Coverage of GPs with live Bharatnet connections:** 30% GPs by 31.12.23, 50% GPs by 31.03.24, 75% GPs by 30.06.24 and 100% GPs by 30.09.24.

3. So all BSNL Circles are hereby requested to take necessary actions to achieve the target KPIs as per above timelines and fortnightly achievement status report may be submitted at email id dgmbnubsnlco@gmail.com.

This issues with the approval of competent authority.
