The Circle Secretary,
SNEA Corporate Office,
New Delhi.

Sub: Reply to the letter mentioned in ref. which was given to me on 16-6-2023.

Dear Sri D.D Bansal ji,

As you are well aware that the present body of SNEA in BSNL Corporate office was formed in the 4th Circle Conference of our circle held on 9-10-2020. After the body was formed there has not been any General body meeting held in our circle.

As per my knowledge of the constitution of SNEA, President of the body is very well within his rights to call an emergency General body meeting as per clause no 15 (a) of SNEA constitution. There is nothing unconstitutional in calling the meeting and the same has been communicated to Circle Secretary and all Circle office bearers well in time.

As regards to the emergent nature of calling the meeting

- No Meeting has been conducted till now from formation.
- Membership changeover window (online) was about to start, it is very important to have a meeting and formulate strategies for the same.
- Some executives from BSNLCO want to join SNEA and they want to discuss certain clarifications from Circle or CHQ body and the same may also be discussed in the meeting
- Some members are leaving SNEA and how to call them back to membership of SNEA.

We need to meet and take resolutions to convince our members to join back our esteemed association and to enrol new members..

Regarding the formation of the new WhatsApp group, since the notice inviting the members for the meeting by CP was deleted by quoting it as being unconstitutional by the CS who happens to be the only admin of that group, being CP I had to start another group for communicating to the members.

Hence based on these emergency scenarios and exercising the powers of being the CP, the meeting was called for. Hence it is once again requested that you and all the COB of SNEA Corporate office must come for the GB meeting on Tuesday the 20-6-2023 and discuss matters pertaining to the well-being of our association.

With Regards,

Arvind Pal Dahiya
