BSNL Circles / Units

**Subject: Scrutiny of Property Returns – reg.**

A Management Audit of Vigilance Unit (MAVU) was carried out from 25.02.2026 to 26.02.2026 by CVC Audit Team. During the audit CVC Audit Team has observed that number of property returns scrutinized vary from Circle to Circle and average property returns scrutinised in last two years is less than 13%, that is less than the CVC norms (at least 20%).

In this context as pointed out by CVC Team and in accordance with CVC manual it has been decided that henceforth, all the circles should ensure that the number of property returns scrutinised must not be less than 20% of total property returns from current year onwards including the ongoing scrutiny work carried out by field units.

This issues with the approval of CVO BSNL.
